Summary

Computer Science and Engineering student with a strong foundation in programming, web development, and machine learning. Experienced in leading teams, coordinating events, and developing projects such as chatbots and AI assistants. Proficient in C++, Python, JavaScript, and database management. Passionate about applying technical skills to solve real-world problems through innovative projects and freelance work.

Skills

Languages: C++, Python, HTML, CSS, JavaScript

Tools/Frameworks: Pygame, OpenCV, MediaPipe, React (Basic)

Database: MySQL, SQL

Concepts: Data Structures and Algorithms, DBMS, Pushdown Automata, Finite Automata, HTTP Protocol, Networking

Operating System: macOS

Work Experience

Coordinator, Programmers' Playground, JECRC

- Programmed and led coding contests, enhancing problem-solving skills among participants.
- Managed event logistics and fostered team collaboration for successful execution.

Team Leader, Tech Blitz Hackathon

- Led a team in a competitive hackathon, delegating tasks to ensure timely delivery of project components.
- Coordinated with team members to develop innovative solutions under tight deadlines.

Freelance Developer and Peer Mentor

- Assisted peers in debugging and developing projects in Python, C++, and React.
- Guided students in building mini-projects, improving their coding proficiency.

Projects

Smart Education Chatbot

- Developed a responsive chatbot using Python to address student queries efficiently.
- Implemented natural language processing techniques for improved user interaction.

Servizio 24/7 Web Developer

- Built an on-demand service booking website with interactive UI and robust search functionality.
- Utilized HTML, CSS, and JavaScript to create a user-friendly experience.

Personal Jarvis AI Assistant

- Developed a virtual AI assistant with voice control and automation features using Python libraries.
- Integrated MediaPipe and OpenCV for enhanced functionality.

Research Assistant (Informal)

- Conducted self-driven study and implementation of Machine Learning concepts in real-world mini-projects.

Education

Bachelor of Technology in Computer Science and Engineering

2023–2027

Jaipur Engineering College and Research Centre, Jaipur

Cumulative SGPA: 9.03

Senior Secondary (12th Board)

2022

Percentage: 91%

Secondary (10th Board)

2020

Percentage: 90.83%

JEE Main

2023

Percentile: 95.44

Certifications

- Bronze Medal, Mathematics Olympiad
- Google Cloud Computing: Basics of Cloud Computing
- Smart India Hackathon: Tech Blitz
